COSMETOLOGY COURSE

OBJECTIVE & GOALS

Both campuses provide complete and professional training to students in the skills and techniques required for the State of Michigan licensing of Cosmetologists. Instructors strive to help the students to develop a sense of professionalism while working with guests along with building professional business ethics and practices.

The goal for each student is to educate them in both theory and practical experience to obtain gainful employment in a professional salon as an entry-level licensed Cosmetologist, and to develop effective employer/employee relationships and communication skills.

COURSE DESCRIPTION - CIP 12.0401

Cosmetology is the art and science that deals with the following practices or a combination of the following practices; arranging, cutting, dressing, curling, waving, cleansing, lightening, coloring or similar work upon the hair with the hands or with mechanical or electric apparatus or appliances, or by any means. It includes cleansing, massaging, stimulation, manipulating, exercising, beautifying or by the use of cosmetic preparations, antiseptics, tonics, lotions, or creams, or similar work upon the scalp, neck, face, arms, bust, or upper part of the body.

Cosmetologists are also experienced in the removal of superfluous hair from the upper part of the body of a person by the use of depilatories, waxes and tweezers.

Other common practices include, manicuring and/or applying artificial nails to a person's hand as well as pedicuring and caring for a person's feet and nails.

COURSE LENGTH

The Cosmetology course is 1600 clock-hours in length. Our philosophy behind exceeding the State of Michigan's minimum requirement of 1500 clock-hours by an additional 100 hours is that we have found that students benefit greatly from the portfolio they are required to complete before taking their final exams. This portfolio has proven to be a useful and unique employment tool. We also use this additional time to prepare our students for their state board exam. We assist in packing their kit for both their final practical exam as well as their state practical exam and allow them 5 days to study and complete very extensive final theory exams.

COURSE OUTLINE

Students are taught Cosmetology theory and practical applications throughout their entire education. There are two levels to the training: Junior level and Senior level.

During the first 350 hours of training a student is called a Junior Student. This student level works in the Junior theory class and the Junior lab. Students are given lectures, have written assignments, projects, and tests. They participate in hands-on demonstrations and practice practical assignments on manikins and other students.

Once a Junior student has accumulated 350 hours and has satisfactorily passed a preliminary practical exam, the student is promoted to the Senior level. At this level students are assigned a styling station in the student salon. Once there, they are taught the skills necessary for performing all aspects of cosmetology services on paying guests. Students who are performing services in the student salon are supervised by a licensed Cosmetology Instructor.

Students at the senior level are taught more advanced practical techniques and theory concepts. Their education continues with lectures, demonstrations, and practical assignments on manikins and other students as well as paying guests of the student salon.

LICENSING REQUIREMENTS

Upon graduation, it is the graduates responsibility to register with the State of Michigan Department of Licensing and Regulatory Affairs (LARA). This can be done online at

<https://mylicense.mdch.state.mi.us/MyLicenseEnterpriseDleg/Login.aspx>. The student is also responsible for the **\$39.00** fee required for a one (1) year license. The State of Michigan, before issuing a license, requires the following to be met by the individual: 1) be not less than 17 years of age, 2) be of good moral character*, 3) has an education equivalent to the completion of the ninth grade, 4) has completed not less than a 1,500-hour course of study in a licensed school of cosmetology whose training shall include a minimum number of practical applications, and 5) has passed an examination prescribed by the department and the board.

It is also the student's responsibility to schedule their test dates. Students will be required to present at the examination site a VALID form of government issued identification which bears the graduates signature and photo. The name on the ID must match the name on the registration form.

EMPLOYMENT OPPORTUNITIES IN THE COSMETOLOGY INDUSTRY

There are a number of occupations that the Cosmetology Course trains graduates for aside from simply working in a hair salon or spa. Licensed Cosmetologists have the freedom to follow their creativity and passion down many different career paths. Some examples include: Platform Artist, Distributor/Manufacturer Sales/Educator, Salon Manager/Owner, Makeup Artist, Nail Technician, Skin Care Specialist, Colorist, Special Event Stylist, Professional Hair Competition Competitor, Mortuary Beautician, Professional Magazine Contributor and more.

Houghton Lake and Cadillac Institute of Cosmetology post current job openings for employers of Cosmetologists in a designated area on campus. While the College Administrators may assist graduates with employment, they do not guarantee it.

The Department of Labor's Occupational Information Network (O*Net) provides information regarding employment trends and wages at <https://www.onetonline.org/link/summary/39-5012.00>.

NAIL TECHNICIAN COURSE

OBJECTIVE & GOALS

Both campuses provide complete and professional training to students in the skills and techniques required for the State of Michigan licensing of Manicurists. Instructors strive to help the students to develop a sense of professionalism while working with guests along with building professional business ethics and practices.

The goal for each student is to educate them in both theory and practical experience while providing information in all phases of natural nail care, artificial nails, nail art, and business so that after graduation they can obtain gainful employment in an entry-level position in a professional salon as a licensed Manicurist/Nail Technician and to develop employer/employee relationships along with effective communication skills.

COURSE DESCRIPTION - CIP 12.0410

Manicuring (as it is licensed as by the State of Michigan) is the art and science that deals with the following practices or a combination of the following practices; manicuring, pedicuring, and artificial nails, which includes light-cured gels, acrylics, tips, wraps, forms, nail art, and mends.

A Manicurist/Nail Technician is also knowledgeable in areas of sanitation, laws, anatomy of the hand, arm, foot, and legs, disorders of the nails and skin, chemistry, massage, and artistic principles. The Nail Technician Course also offers to educate the student in advanced techniques and the nail industry as a business opportunity.

COURSE LENGTH

The Nail Technician Course is 600 clock-hours in length. Our philosophy behind exceeding the State of Michigan's minimum requirement of 400 clock-hours by an additional 200 clock-hours, is that we have found that students are better able to perfect the necessary techniques needed for creating quality artificial nail extensions. We have also found that students benefit greatly from the portfolio they are required to complete before taking their final exams. This portfolio has proven to be a useful and unique employment tool. Students also use this time to prepare for their state board exam. We assist in packing their kit for both their final practical exam as well as their state practical exam and allow them 5 days to study and complete very extensive final theory exams.

COSMETOLOGY INSTRUCTOR COURSE

OBJECTIVE & GOALS

Both campuses prepare the students for licensing in Michigan as a Cosmetology Instructor through courses in methodology of teaching as well as assisting and practicing teaching in the classrooms, the junior lab and the student salon.

The goals of the Institutions are to educate students in both theory and practical experience in all areas of cosmetology instruction and to adequately prepare the Instructor for gainful employment in a cosmetology college as an entry-level licensed Cosmetology Instructor, and to help them develop employer/employee relationships and effective communication skills.

COURSE DESCRIPTION - CIP 12.0413

A Cosmetology Instructor is a licensed Cosmetologist who has returned to college for Instructor training. A Cosmetology Instructor will learn all aspects of the teaching profession. This includes course outlining and developing, methods of teaching principles and student learning principles, lesson planning, basic teaching methods, effective development/use of teaching aids, classroom management, and various other subjects.

COURSE LENGTH

The Cosmetology Instructor Course is 600 clock-hours in length. Our philosophy behind exceeding the State of Michigan's minimum requirement of 500 clock-hours by 100 hours is that we have found that students are better able to prepare their required portfolio. This portfolio is mandatory prior to the student taking their final exams and has proven to be a useful and unique employment tool.

Throughout their training students are given lectures, have written assignments, projects, and tests. They participate in hands-on demonstrations, delivering lectures, developing and assigning lessons, tests, and minimum practical applications, as well as grading.

Students are taught the basics of organizational structure and best business practices. They are taught how to properly perform various office functions and minor managerial responsibilities. Students will also be expected to review and orient themselves with the required Cosmetology Curriculum.

LICENSING EXAM & REQUIREMENTS

Because the graduate already holds a State of Michigan issued Cosmetologist License, it is not necessary for them to register with the State of Michigan Department of Licensing and Regulatory Affairs (LARA), however, the student is still responsible for a prorated licensing fee. The State of Michigan, before issuing a license, requires the following to be met by the individual: 1) be of good moral character*, 2) has a high school diploma or equivalent, 3) is a licensed Cosmetologist under The Occupational Code, PA 299 of 1980, Article 12, 4) has at least 3 years of practical experience in natural hair cultivation, hair care services, skin care services, and manicuring services, at least 1 year of which shall be in a cosmetology establishment**, 5) has completed not less than 500 hours of instructor training, and 6) has passed an examination approved by the department and the board.

A college official will assist the student in filling out their [PSI Exams Candidate Bulletin](#). It is the graduates responsibility to mail or fax this form along with a test fee of **\$91.00**. It is also the student's responsibility to schedule their test dates. Students will be required to present at the examination site a VALID form of government issued identification which bears the graduates signature and photo. The name on the ID must match the name on the Examination Registration Form.

*Please see Conduct – Generally Know Prerequisites For Employment for “Good Moral Character” defined.

**An individual who does not meet this requirement may be eligible for a Limited Instructor License.

EMPLOYMENT OPPORTUNITIES AS A COSMETOLOGY INSTRUCTOR

A Cosmetology Instructor has many of the same employment opportunities available to them as a Cosmetologist however they now possess a more advanced and specialized education which can make them more desirable to salon owners and their guests. Cosmetology Instructors most often choose to teach at a school or college of cosmetology. They can also open their own school of cosmetology. Some Cosmetology Instructors who remain working in a salon choose to create an apprenticeship program.

Houghton Lake and Cadillac Institute of Cosmetology post current employment opportunities for Cosmetology Instructors in a designated area on campus. While College Administrators may assist graduates with employment, they do not guarantee it.

ADMISSION REQUIREMENTS

STATEMENT OF PRACTICE OF NON-DISCRIMINATION

This college practices no discrimination on the basis of race, sex, age, religion, creed, color, financial status, or ethnic origin in its admission, instruction, graduation, or placement assistance. It assures that the lack of English language skills will not be a barrier to admission and participation in career and technical education programs.

ADMISSION REQUIREMENTS FOR REGULARLY ENROLLED STUDENTS

1. Social Security Card.
2. A high school diploma or any of the following secondary school completion statuses listed below. The college reserves the right to not accept high school diplomas that are questionable regarding their validity (i.e., diploma mill). The Institutes do not accept ATB students at this time.

The parent of the homeschool student issues the diploma.)
 - Recognized equivalents for a high school diploma include:
 - a foreign high school diploma that is equivalent to a U.S. high school diploma. (It is the responsibility of the student to have their credential evaluated by a company that offers such a service.);
 - a GED certificate;
 - a certificate or other official completion documentation demonstrating that the student has passed a state-authorized examination (such as the Test Assessing Secondary Completion (TASC) the High School Equivalency Test (HiSET), or, in California, the California High School Proficiency Exam) that the state recognizes as the equivalent of a high school diploma (certificates of attendance and/or completion are not included in this qualifying category);
 - an associate's degree; or

3. Proof of identity. Acceptable form of documentation includes:
 - state issued Driver's License;

Those who desire admission to the Cosmetology Instructor Course must meet all of the above requirements, however, the State of Michigan will not license a person without having a completed secondary school education, a high school diploma or its equivalent as recognized by the state as required for admission. The State of Michigan will also not license a person without them first having their current, valid, Michigan Cosmetology License. While this is not a requirement to have upon admission to the Instructor Course, it should be obtained prior to graduating.

ADMISSION REQUIREMENTS FOR STUDENTS ENROLLED UNDER A TRAINING AGREEMENT (NOT REGULARLY ENROLLED)

Generally students who are enrolled under a training agreement are still enrolled as a secondary student with a local school district. Students who are enrolled under a training agreement must meet the admissions requirements set forth in the training agreement with the school district as well as with the college with the exception of having completed their secondary education.

ADMISSION REQUIREMENTS FOR STUDENTS NOT ENROLLED UNDER A TRAINING AGREEMENT (NOT REGULARLY ENROLLED)

For those students not enrolled under a training agreement, the applicant must meet the following admission requirements:

- Meet the state requirements for licensing:
 - complete 9th grade - Acceptable documentation is a high school transcript.
 - be 16 years of age - Acceptable documentation is a Driver's License, state issued Identification Card, or Birth Certificate.
- Provide permission in writing from the secondary school in which they are enrolled.

TRANSFER STUDENTS - CREDIT FOR PREVIOUS TRAINING

Students transferring or re-registering with Houghton Lake or Cadillac Institute of Cosmetology into any course of study must enroll for a minimum of 600 hours with the exception of those students who are transitioning from being enrolled as a not regularly enrolled student to a regularly enrolled student. Those students are required to provide to the Admissions Department their records from any previous college(s) that verify the accumulated number of clock-hours earned as well as their academic transcript with subjects and grades. Students who choose to test for previous clock-hours earned will be required to pay a testing fee of **\$50.00**. This testing fee is due prior to the student testing for hours.

Students will have one week (5 business days) to finalize their testing. Students who fail to complete any of the required tests within the time frame will be given a grade of 0. Tests that the student does not receive a grade of 75% or better will result in a deduction of 25 clock-hours from the total accumulated clock-hours requested by the student to transfer/re-register. Clock-hours will not be deducted for tests that the student earns a grade of 75% or better and the grade received in each subject will reflect on their academic transcript as a completed requirement of their program.

The practical portion of the transfer/re-register test will be taken from the [PSI Candidate Bulletin](#) practical exam for their chosen program. Students will be credited with a percentage of MPAs completed based on the number of clock-hours transferred versus the total number of hours in their chosen program.

Pending the test results, the student will be placed in the appropriate class. Tuition will be prorated based on the current rate of tuition. Students are required to have the appropriate equipment kit, textbook and/or workbook for their program and pay the \$75.00 Registration Fee.

INCOMPLETES, REPETITION, WITHDRAWALS, & NONCREDIT REMEDIAL COURSES & TERMS FOR RE-ENTRY

For students who voluntarily or involuntarily withdraw from college, and are seeking re-entry, along with requesting hours from a previous enrollment, the student shall follow the Transfer Students - Credit for Previous Training above. Once the student has successfully completed the exams, all work and hours acquired will be credited to the student, for a period not to exceed seven years from the last date of attendance.

If the student has been terminated from the college due to failure to comply with the satisfactory progress and/or academic standing requirements, the college reserves the right to review the file(s) in question prior to the student's re-enrollment in college. The student must show just reason as to why (s)he should be allowed to re-enroll in the program.

The re-enrolling student **MUST SUBMIT IN WRITING** the reason(s) for their failure to maintain satisfactory progress in attendance and/or academics, as well as their future intentions towards their education. This must be submitted to the Director fourteen (14) days prior to any possible re-entrance into college.

The college's Director will then review the file(s). An interview between the Director and the student is required. At this time the Director reserves the right to place the student on probation for a predetermined period of time or refuse re-enrollment to the college. The college will consider any reasonable attempt on the student's part to continue their education.

Should the student re-enter college, the Director also reserves the right to determine what, if any, classes and work should be done or taken again in order to benefit the student's education. For those students who re-enter college, tuition cost will be prorated according to how many hours the student re-enrolls for.

Courses Incomplete, Repetitions, and Noncredit Remedial Courses have no effect upon the college's satisfactory progress standards.

NOTE: The colleges may be closed additional days per year for instructor continuing education. Students will be notified of additional closings at least two weeks in advance.

UNEXPECTED CLOSURES

Unexpected closures will extend a student's contract completion date by the same number of days. Students may watch TV 9&10 News or Fox 32 News to obtain closing information. It will also be posted on Facebook and a mass SMS and/or email will be sent to students who provided such contact information.

ATTENDANCE

Students are expected to attend on a regular basis as set forth in their signed contract. As attendance records are part of a student's permanent file, every effort should be made to attend.

GRACE TIME

Each student is granted an additional 7% of time on their contract, based on the total length of their course. This time is granted to students for brief illnesses, car trouble, or other situations requiring occasional absences.

EXCUSED ABSENCES

An excused absence occurs when a student has notified the college in writing, one week in advance, that they are going to be absent during a time that they are scheduled to be in attendance.

An absence from class that occurred due to an unforeseen circumstance may be considered excused if the student makes a request to do so in writing within ten (10) days of the unexpected absence occurring. It is up to the college to determine if the absence should be considered excused or remain as unexcused. The college reserves the right to ask the student to provide any form of supporting documentation to help with their decision. The decision will be made no later than fourteen (14) days after the student has submitted the request. Students who choose to file such a request understand that doing so does not eliminate them from receiving Disciplinary Action for Unexcused Absences, it may only delay it.

UNEXCUSED ABSENCES

Unexcused absences should NEVER occur during a student's enrollment at Houghton Lake or Cadillac Institute of Cosmetology. An unexcused absence occurs when a student does any of the following: (1) fails to request time absent from class one week in advance; and or (2) fails to prevail on a request for an Excused Absence.

TARDINESS

Tardiness is when a student arrives to class later than they are scheduled to arrive. Tardiness that has been requested in writing, one week in advance is considered an excused absence from class.

*Tardiness that occurs without prior notification is considered an unexcused absence and because so, all tardy students must first check with their Instructor to see if they are allowed to scan in for the day.

*See Disciplinary Action for Unexcused Absences.

Houghton Lake

All students (unless other arrangements have been made) are expected to scan in and be ready for class on or before 8:30 am Monday through Friday. Students are not credited time before 8:30 am.

Cadillac

All students (unless other arrangements have been made) are expected to scan in and be ready for class on or before 8:30 am Tuesday through Friday and 8:00 am on Saturday. Students are not credited time before 8:30 am Tuesday through Friday and 8:00 am Saturday

DISCIPLINARY ACTION FOR UNEXCUSED ABSENCES

The following disciplinary action will take place for unexcused absences:

First Offense:	Written warning and/or dismissed from class for the day.
Second Offense:	3 Day Suspension
Third Offense:	10 Day Suspension
Fourth Offense:	Termination

CHANGES OF ENROLLMENT STATUS

Each student has available to them the opportunity to change their enrollment status twice during their enrollment. A change of enrollment must be approved by the Director. The Director may approve subsequent changes as they deem necessary on a case-by-case basis.

APPROVED LEAVES OF ABSENCE (LOA)

An authorized leave of absence (LOA) is a temporary interruption in a student's program of study. LOA refers to the specific time period during a program when a student is not in attendance. An LOA is not required if a student is not in attendance only for an institutionally scheduled break. However, a scheduled break may occur during an LOA.

An LOA must meet certain conditions to be counted as a temporary interruption in a student's education instead of being counted as a withdrawal requiring an institution to perform a refund calculation. An LOA is available to those students who need a temporary leave from college, due to various reasons including, but not limited to, serious illness or other extraordinary circumstances.

An LOA may be approved if it is no longer than 45 calendar days and no less than 14 calendar day and the student has followed policy in requesting the LOA. The LOA may not extend over 45 days in a 12 month period. Generally, cumulative LOA's may not extend the 45 day policy, however more LOA days may be granted for the limited, well-documented cases that are decided upon by the Director in a case-by-case basis, provided the total number of days of all LOA's does not exceed 180 days in any 12 month period.

STUDENT GRIEVANCE PROCEDURE

In accordance with the Institution's mission statement, the colleges will make every attempt to resolve any student complaint that is not frivolous or without merit. Complaint procedures are located in this student handbook thereby assuring that all students know the steps to follow should they desire to register a complaint at any time. Evidence of final resolution of all complaints will be retained in college files in order to determine the frequency, nature, and patterns of complaints for the institution. The following procedure outlines the specific steps of the complaint process.

1. If a student has a problem with another student, (the students) should try to resolve the problem between themselves. If the problem cannot be resolved, a student may ask an instructor for assistance as a mediator to try to help.
2. The student should register the complaint in writing on the designated form provided by the institution within 60 days of the date that the act which is the subject of the grievance occurred. Students must sign the form as the institution does not recognize anonymous complaints.
3. The complaint form will be given to the college Director.
4. The complaint will be reviewed by management and a response will be sent in writing to the student within 30 days of receiving the complaint. The initial response may not provide for final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the complaint.
5. If the complaint is of such nature that it cannot be resolved by the management, it will be referred to an appropriate agency if applicable.
6. Depending on the extent and nature of the complaint, interviews with appropriate staff and other students may be necessary to reach a final resolution of the complaint.
7. In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the complaint. If necessary, management will appoint a hearing committee consisting of one member selected by the college who has had no involvement in the dispute and who may also be a corporate officer, another member who may not be related to the student filing the complaint or another student in the college, and another member who may not be employed by the college or related to the college owners. The hearing will occur within 90 days of committee appointment. The hearing will be informal with the student presenting his/her case followed by the college's response. The hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each

witness' testimony and a recommended resolution for the dispute. College management shall consider the report and either accept, reject, or modify the recommendations of the committee.

8. Students must exhaust the institution's internal complaint process before submitting the complaint to the college's accrediting agency, if applicable.
9. If a complainant wishes to pursue the matter further, a complaint form is available through the accrediting agency: National Accrediting Commission of Career Arts and Sciences.

SATISFACTORY ACADEMIC PROGRESS POLICY (SAP)

The Satisfactory Academic Progress Policy is consistently applied to all regularly enrolled students, whether full time or part time, who are enrolled in the Cosmetology, Nail Technician, or Cosmetology Instructor programs, and whether participating in Title IV programs or not. It is printed in the catalog to ensure that all students receive a copy prior to enrollment and the first day of class. This policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

EVALUATION PERIODS

Students are evaluated for Satisfactory Academic Progress (including attendance) as follows:

COSMETOLOGY COURSE

Full Time Status		Part Time Status	
Scheduled Hours (Accumulated)	# of Weeks (Accumulated)	Scheduled Hours (Accumulated)	# of Weeks (Accumulated)
435 - 463	15	435 - 463	21
885 - 913	30	885 - 913	43
1245 - 1273	42	1245 - 1273	60

NAIL TECHNICIAN & COSMETOLOGY INSTRUCTOR COURSES

Full Time Status		Part Time Status	
Scheduled Hours (Accumulated)	# of Weeks (Accumulated)	Scheduled Hours (Accumulated)	# of Weeks (Accumulated)
285 - 315	10	285 - 315	14

Evaluations will determine if the student has met the minimum GPA requirement of 75% and the minimum attendance requirement of 75% for satisfactory academic progress.

The frequency of evaluations ensures that students have ample opportunity to meet both the attendance and academic progress requirements of at least one evaluation by midpoint in the course.

Transfer and/or re-register student's evaluation periods will vary depending on the number of actual contracted hours. Transfer and/or re-register students will receive at least one SAP report by or at the midpoint of their actual contracted hours.

ATTENDANCE EVALUATIONS

Students are required to attend a minimum attendance of 75% of the hours possible based on the applicable scheduled hours (as outlined above) in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the college will determine if the student has maintained at least 75% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 133% of the course length allowed for students to complete each course) at satisfactory progress is stated below:

Course	Maximum Time Allowed		Scheduled Hours
	Full Time	Part Time	
Cosmetology	71 Weeks	101 Weeks	2128
Nail Technician & Cosmetology Instructor	27 Weeks	38 Weeks	798

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 75% of the scheduled hours.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical applications or experiences.

Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skill evaluations will be conducted during the course of study. Practical skills are evaluated according to text and the Michigan State Board Exam procedures and set forth in practical skills evaluation criteria adopted by the college. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments.

Numerical grades are considered according to the following scale:

- 91% - 100% Excellent
- 81% - 90% Very Good
- 75% - 80% Satisfactory
- Below 75% Unsatisfactory

Illustration 15: Retrieved from <https://pixabay.com/en/chalkboard-quote-1927332/>.

DETERMINATION OF PROGRESS STATUS

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will receive a hard-copy of their Satisfactory Academic Progress Determination at the time of each of the evaluations.

Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation. Students who maintain satisfactory progress are eligible to receive Title IV assistance.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress while during the first probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will not be deemed eligible to receive Title IV funds.

ACADEMIC PLAN

An Academic Plan is for students who have been placed on Financial Aid Probation. This plan is developed by both the student and the institution. It will outline specific terms and conditions that the student is required to fulfill by a specific point in time. Some conditions may include changing enrollment status, merit time, etc. A student who fails to abide by the Academic Plan will no longer be eligible for Title IV funding.

RE-ESTABLISHMENT OF SATISFACTORY ACADEMIC PROGRESS

Students may reestablish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by end of the probationary period.

INTERRUPTIONS, COURSE INCOMPLETES, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to college in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal. Students who re-register without taking credit for previous training will be considered for SAP purposes as a new student.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the college on the designated form with supporting documentation of the reasons why the determination should be reversed. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

NONCREDIT AND REMEDIAL COURSES

Noncredit and remedial courses do not apply to this institution. Therefore, these items have no effect upon the college's satisfactory academic progress standards.

TRANSFER HOURS

Hours from another institution that are accepted toward the student's educational program, with regard to Satisfactory Academic Progress, will be counted as both attempted and completed hours. Those hours will also be counted as both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. Satisfactory Academic Progress evaluation periods are based on actual contracted hours with this institution.

- Any monies due the applicant or student shall be refunded within 45 days of the official cancellation or withdrawal date as defined above. For students who unofficially withdraw, the required date of the refund will be made within 45 days based on the student's last date of attendance.
- In the case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. If permanently closed or no longer offering instruction after a student has enrolled, the college will provide a pro rata refund of tuition to the student. If the course is canceled subsequent to a student's enrollment, the college at its option will either provide a full refund of all monies paid or provide completion of the course at a later time. This institution does not participate in any teach-out plans with other institutions.
- Students who withdraw or terminate prior to course completion are charged a cancellation or administrative fee of \$150.00. This refund policy applies to tuition and the non-refundable registration fee of \$75.00 and/or the non-refundable testing fee of \$50.00 charged in or prior to the enrollment agreement. Other miscellaneous charges the student may have incurred at the institution (EG: extra kit materials, books, products, unreturned college property, state board testing fees etc.) will be calculated separately at the time of withdrawal. All fees are identified in the catalog and in the enrollment agreement.
- If a Title IV federal financial aid recipient withdraws prior to course completion, a calculation for return of Title IV funds will be completed and any applicable returns by the college shall be paid, as applicable, first to unsubsidized Federal Stafford Student Loan Program; second to subsidized Federal Stafford Student Loan Program; third to Federal Pell Grant Program; fourth to other Federal, State, private/institutional student financial aid programs; and to the student.
- After all applicable returns to Title IV aid have been made, this refund policy will apply to determine the amount earned by the college and owed by the student. If the student has received personal payments of Title IV aid, he/she may be required to refund the aid to the applicable program.
- Students who are found to owe a balance to the institution will be sent notification via certified mail stating the total amount due and advised on how to make positive action on their account with the institution. Students will be given 30 days of the receipt of the certified letter to make positive action. If no positive action is made within the 30 days, the student's account balance will be sent to collections.
