INSTRUCTIONAL METHODS

Students are taught Cosmetology theory and practical applications throughout their entire education. There are two levels of training: Junior level and Senior level.

During the first 350 hours of training a student is referred to as a Junior Student. This student level works in the Junior theory class and the Junior lab. Students are given lectures, have written assignments, projects, and tests. They participate in hands-on demonstrations and practice practical assignments on manikins and other students.

Once a Junior student has accumulated 350 hours and satisfactorily passed a preliminary practical exam, the student is promoted to the Senior level. At this level students are assigned a styling station in the student salon. Once there, they are taught the skills necessary for performing all aspects of cosmetology services on paying guests. Students who are performing services in the student salon are supervised by a licensed Cosmetology Instructor.

Students at the senior level are taught more advanced practical techniques and theory concepts. Their education continues with lectures, demonstrations, and practical assignments on manikins and other students as well as paying guests of the student salon.

GRADING PROCEDURES (SATISFACTORY ACADEMIC PROGRESS EXCERPT)

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical applications or experiences.

Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skill evaluations will be conducted during the course of study. Practical skills are evaluated according to the book and the Michigan State Board Exam procedures and set forth in practical skills evaluation criteria adopted by the college. Students must maintain a written grade average of 75% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments.

Numerical grades are considered according to the following scale:

91% - 100%	Excellent
81% - 90%	Very Good
75% - 80%	Satisfactory
Below 75%	Unsatisfactory

GRADUATION REQUIREMENTS

The College will grant a Diploma and Official Transcript for the applicable course when the student has successfully completed all graduation requirements including: required course hours, all phases of study, required tests, practical assignments and portfolio; passed a final comprehensive written and practical examination; completed all exit paperwork; attended an exit interview and the student's account is paid in full.

LICENSING REQUIREMENTS

Upon graduation, it is the graduate's responsibility to register with the State of Michigan Department of Licensing and Regulatory Affairs (LARA). This can be done online at

<https://mylicense.mdch.state.mi.us/MyLicenseEnterpriseDleg/Login.aspx>. The student is also responsible for the **\$63.00** fee required for a one (1) year license. The State of Michigan, before issuing a license, requires the following to be met by the individual: 1) be not less than 17 years of age, 2) be of good moral character*, 3) has an education equivalent to the completion of the ninth grade, 4) has completed not less than a 1,500-hour course of study in a licensed school of cosmetology whose training shall include a minimum number of practical applications, and 5) has passed an examination prescribed by the department and the board.

*Please see Conduct – Generally Know Prerequisites for Employment for "Good Moral Character" defined.

A college official will assist the student in filling out their PSI Exams Candidate Bulletin. It is the graduate's responsibility to mail or fax this form along with the exam fee of **\$167.00**. It is also the student's responsibility to schedule their test dates.

Test takers are required to provide 2 forms of identification.

*One I.D. must be a valid, government issued identification (driver's license, state ID, passport), which bears the test takers name exactly as it appears in the test registration, signature and photograph or a complete physical description.

*The second ID must have the test takers signature and preprinted legal name exactly as it appears on the test takers registration form.

EMPLOYMENT OPPORTUNITIES IN THE COSMETOLOGY INDUSTRY
